www.linkedin.com/in/darrell-heim-44b667289

Detail-oriented computer science student with a strong foundation in programming and software development, seeking to leverage avid gaming passion and technical skills to excel in a computer science internship. Eager to contribute creativity, problem-solving abilities, and dedication to a dynamic team.

Education

American River College, Sacramento, CA

-Associates of Applied Science in Computer science

Graduated 05/23

Relevant Coursework: Data Structures, software engineering, Algorithms, Object-Oriented Programming, Computer Architecture

-Associates of Applied Science in physical science/ mathematics

Graduated 05/23

Relevant Coursework: Mechanics, Mathematical Methods in Physics

California State University East Bay

-Bachelor of Science in Computer Science expected graduation date 05/26

California state East Bay, Hayward, CA

Projects:

-Abstract Data Type implementation:

Implemented various abstract data types in C++ (e.g., Classes, Structures, Templates).

Distinguishing appropriate industry standard implementation between ADT's

-Algorithm Implementation: Sorting Algorithms

Implemented various sorting algorithms in C++ (e.g., Bubble Sort, Quick Sort, Merge Sort).

Analyzed and compared their efficiency in terms of time complexity and performance.

Presented findings through a class presentation and code demonstration.

Skills:

Programming Languages: C++, Java, Python, Haskell (slightly experienced), Golang (slightly experience), CSS, SQL

Operating Systems: VS Code, Codeblocks, MySQL Workbench, Haskell playground, Eclipse, GitHub, Node.js, Windows, command line/Terminal, Replit
